GROW WITH GREEN EARTH TOKEN

Download on
App Store

GET IT ON
Google Play

The smartphone screen shows the app's main interface. At the top, there's a navigation bar with three horizontal lines on the left, a central notch, and a bell icon on the right. The main content area features a large lightbulb icon containing a green sprout, symbolizing energy efficiency. To the right of the bulb are three circular icons: one for referrals, one showing '1200 Points', and another for tokens. Below the bulb, a white box displays the welcome message 'WELCOME TO GREEN EARTH TOKEN' and the app's logo. A text field below asks for a referral code, with a 'Skip' button underneath. A quote at the bottom states: 'I'll use energy-efficient LED bulbs in my home.' followed by the signature '-Green Token Earth'. The background of the phone screen is a dark green color.
